

# Alaa Abusarah

## Unity Developer

5 Years Of experience in game industry

In my beginnings, I started working independently until I started working in companies, and as a person looking for continuous progress, I saw an opportunity to establish a start-up company in the field of video games, and here I am today working part-time on my own company, and I see it growing slowly as a small child.

## Work Experience

**Game Developer**  
**Freelance, Jordan**  
2019 - 2022

- Carrying out projects on the Unity Engine in its various fields.
